10.05.2019	Expires the Early Bird Registration Fees
20.05.2019	Notification of Abstracts Submission
24.06.2019	Short/Full Paper Submission Deadline
29.07.2019	Announcement of the Final Program

Abstracts must be written in English in MS Word format and must include: title, authors, institutions, keywords and main text divided in subtitles. More specifically:

Font-spacing

Calibri, letter size 11 pt, justified alignment, single space, no space between the paragraphs of the text, no space in the beginning of each paragraph. 1 blank line should be left between the title, the authors, the institutions, the keywords and the subtitles.

Title

Capital letters, bold, left alignment (e.g. **TITLE**)

Authors

All names should be written in Title Case, with the family name following the first name and the superscript at the end. The name of the presenting author must be underlined, but not the superscript. Names should be separated with commas. Please do not include degrees or professional titles (Dr, PhD, Prof, MD, etc.)

e.g. J. Smith¹, S. Jones²

Address of Institution

As regards the institution name, Each Word Should Be Capitalized. First the Department should be mentioned; afterwards the name of the Institution/University; finally, the City and the Country. All separated by comma. Please note that in case the City is part of the Institution name, then it should not be repeated before the Country (e.g. Department of Geography, University of Utah, USA).

When more than one institution is mentioned, the correspondence between authors and institutions should be done with the use of numbers (^{superscripts}) as per below.

e.g. J. Smith¹, S. Jones²

¹Department of Geography, University of Zurich, Switzerland

²Department of Mechanical Engineering, MIT, United States

Keywords

Key words limited to five, should be sorted alphabetically.

Abstract main text

Maximum length 250 words. Download the official abstracts templates:

- Academic
- Practitioner
- Case Study and Poster

Abbreviations of terms can be used, provided their explanation is included in parentheses, when they are used in the text for the first time. Scientific names must always be formatted in italics but not followed by author names. References, drawings, figures and small tables are not allowed.

Acceptance of papers for review

- Abstracts of papers **will not be accepted** for review, in any of the following cases:
- If one of the authors have not registered and paid the participation to the congress
- If the deadline for submission of the abstract is not respected (**15 April 2019**)
- Missing data or forms
- An abstract exceeding 250 words

If instructions are not followed, abstracts will be returned to sender / writer to correct them, if the abstract deadline hasn't expired. In case of the submitted abstract, which does not respect the rules and there is not time for correction due the abstracts deadline, it will be disqualified automatically. We recommend that you do not let the presentation of your work for the last week, as the electronic system can be overloaded and may not be able eventually to submit your abstract.
